### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

References Turner (5,561,687), Liu et al (6,775,334) and Jaffe et al (6,842,495) are cited because they are pertinent to the equalizer used in the receiver. However, none of the cited references teaches or suggests, in combination with other elements, the arrangements of the timing equalizer functionally positioned within the timing loop and operating in parallel with and independent of the linear equalizer, the timing equalizer having fixed coefficients and the signal timing controlled by the timing loop can be maintained independently of timing adjustments made in the linear equalizer in order to form a data communication receiver as recited in claims 1, 11, 12 and the corresponding method steps as recited in the independent method claims 5, 8 and 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DON N. VO whose telephone number is (571) 272-3018. The examiner can normally be reached on TUE - FRI (9:00-6:30).
